

# Pongsakorn Ounsub

## Computer Engineering

### ABOUT ME

I am a 3rd year engineering student from the Department of Computer Engineering at Srinakharinwirot University.

I want to gain new experience and develop my skills through intership.

I like to challenge myself by facing new problems and new situations.

I am ready to learn new things and always ready to improve myself.

I promise that I am going to work hard for this job and make it a success.

---
