## EXPERIENCE

### Underwriter Motor/Tokio Marine Safety

**Aug 2022 – Present**

Currently, I work in the position of Underwriter Motor. My main duty is to prepare quotations and offer premiums sufficient to cover risks and support the work of marketing to achieve goals. However, still strictly adhere to the company's policy.

### The main work is as follows:

- Consider the premium for both Decline Risk and Fleet work.
- Consider renewal reminder work in cases where there are special conditions or additional requests from customers.
- Extract data for risk analysis
- Create a structure for calculating premiums to support marketing.
- Prepare a report comparing the premiums of each company as information for competition.
- Contact and coordinate throughout to provide information and guidelines on problems for premium proposals.
