Student Loans Fund

PEA EPM projects, my responsibilities is:

- Conducting User Acceptance Tests (UAT)
- Crafting user manuals
- Assisting developers in comprehending identified bugs
- Thoroughly testing the program

ABOUT ME

I have been working in Business Analysis and Quality Assurance for a year. The project I am involved in deals with student loans Fund, and the Budget Bureau's new e-budgeting system, along with Mahidol University's MU-RIMS. In my daily work, I design the business solutions to address client issues. I collaborate with programmers, explaining how the program should be developed and managing the schedule for the developers. Additionally, I handle documentation and participate in meetings with clients, providing support during the UAT phase.
